

# Molly McDonald

Business Administration Apprentice | Level 3  
Advanced Business Administration Apprenticeship

## What did you do prior to your apprenticeship?

I used to work in retail, I was a baker at Morrisons, and I was also a temporary makeup artist in various shops.

## What are you enjoying about the apprenticeship?

I am really enjoying working with my team everyday, even in this crazy time. I enjoy how much there is to do, as I can never get bored and I am always doing something! I also enjoy learning new things every week, as it makes every week different and not boring.

## What would you say to anyone considering applying for an apprenticeship?

My advice would be to do it and don't be scared to apply to ones you think you will never get, because the worst that will happen is they will say no, and you move onto the next application. Also, be confident!!!

## What attracted you to this apprenticeship?

Being able to actually start my career was what initially attracted me to it, then when I read up more on this specific one, it really appealed to me because it is such a versatile qualification that opens so many doors in the future for me.
